Dear District Governor,

I am writing to express my heartfelt appreciation for your outstanding efforts in organizing World Environment Week 2026 on April 18, 2026, at the Kasarakod Central Nursery in Honnavar. The dedication and commitment you and your team have displayed towards environmental conservation are commendable.

The preparation and distribution of 3,000 seed balls is a significant initiative that not only raises awareness about the importance of reforestation but also actively contributes to restoring our planet. Your leadership has inspired many to engage in eco-friendly practices, fostering a sense of responsibility towards our environment.

Through this remarkable project, you have demonstrated the power of community action and the vital role that organizations like Lions International play in preserving our natural surroundings for future generations. Your vision and hard work have not gone unnoticed, and I commend you for making a positive impact in our community.

Thank you once again for your unwavering commitment to environmental conservation. I look forward to seeing the continued positive outcomes of your initiatives.

Also, special thanks to Lions Club of Honnavar, Lion Ravindra H Naik, RDC ENVIRONMENT, District Coordinator Lion Adrian Torres and all others Lion members/office bearers for well organized inaugural function on 18th April 2026.

Yours Sincerely,

**(Yogeesha C.K., IFS)  
Deputy Conservator of Forests,  
Honavar Division, Honavar.**

To,

District Governor  
Lions International  
District 317 B  
Murdeswar  
Uttarakannada.
